Student's Robotics or Programming Experience: _____

Summer Camp – Cost \$125. Monday, Tuesday, Wednesday - August 6th - 8th, 2018.
At St. Francis School.

Schedule: 8:30am - 3:30pm There will be time for morning snack and a lunch break. Camp participants must bring their own lunch and snack(s). Please also bring a water bottle and comfortable clothes for outside play time during breaks!

What will be covered? Mechanical concepts, Engineering Design Process (Think-Do-Test), and Beginning Programming.

Who Should attend? Anyone! Material introduced during this camp was not covered during the after school robotics program. Students who complete this camp may be eligible to participate in the St. Francis Robotics' Engineering League. See separate sign up for the St. Francis VEX IQ Club during the school year.

Fees are due June 15, 2018. Sign up for this camp is first come, first served. Please act fast!
